Personal Email: ficcadentisilvia@gmail.com

Overview

Registered Midwife and Senior Clinical Skills and Simulation Technician at London South Bank University with experience in simulation-based education, clinical skills training and multidisciplinary healthcare teaching support across nursing, midwifery and allied health programmes. Alongside my university role, I currently maintain clinical practice as a Bank Midwife at St Thomas' Hospital, supporting contemporary maternity care across postnatal and inpatient settings.
My professional interests include simulation-based learning, midwifery education, maternity care, infant feeding support, breastfeeding support, student support, psychological safety within simulation, and inclusive healthcare education. I am particularly interested in the use of simulation and immersive learning technologies to support student confidence, clinical reasoning and preparation for practice.

Research Interests

Simulated-based healthcare education; Midwifery education; Perinatal care; Infant feeding and Breastfeeding Support; Clinical Skills Education; Inclusive healthcare education; Interprofessional learning.
